

6 January 2026

Notice of Price Review effective March 1st, 2026

In line with our trading terms and in response to the changing market conditions, we wish to advise of our intent to implement a variable price adjustment to account for external pressures on our costs, predominantly metals including increases advised by our suppliers. The Price adjustment will apply across a selected range of products and will become effective on the 1st of March 2026.

A full and comprehensive price file will be sent on or before the 1st of February 2026 with the adjusted pricing to allow thirty (30) days for the new pricing to be loaded before it will be applied in the field.

The following product ranges impacted and increase % are listed below. With some possible small range additions once advised by suppliers in the new year.

Copper lugs and bootlace pins 8.0%	Caddy 4.0%
Aluminum lugs and links (including EB overhead line systems) 5.0%	Erico 5.0%
