

## Notice of Price Adjustment, July 2026

01/06/2026

Dear Valued Client,

Please be advised of a pricing adjustment, effective 1 July 2026.

Your updated special pricing file is available and has been disseminated to your Commercial Team on June 01, 2026.

This change reflects continued increases across supply, freight, and labour, along with broader cost pressures both locally and globally and is necessary to ensure we can continue to deliver the high level of quality and service, synonymous with our brand.

Where efficiencies have been achieved, we have also minimised any adjustments.

Please update your systems ahead of the effective date and share this with the relevant contacts in your business.

We also take this opportunity to thank the group, for your continued support.

Kind Regards,

**Shane Büchner** | [Head of Product](#)
