

**IMPORTANT: PRICING & MOQ/MOI INFORMATION BELOW**

May 2026

Dear Panduit Distributor,

---

Please accept this advanced notification that Panduit will be implementing Price adjustments effective July 1, 2026. Please be aware that the data in the MOQ/MOI fields of the price file should be loaded with the new price values.

It is easy to download your price files, check stock/price, manage orders, etc. via the distributor portal.

Learn more about distributor portal features: <https://www.youtube.com/watch?v=e5cMI8TIK2E>

---

**Electrical Price Changes:**

- 5% increase on Dot Matrix, Laser IJ, Printer Media, and Thermal Transfer Identification Products.
- Misalignments fixed on Cable Accessories, XMR ties & tools, and Loose Piece Cable Tie Tools.

**Network Infrastructure Price Changes:**

- 2-6% increase on G5 and G6 PDUs.
- Misalignments fixed on Copper Cable, Fiber Cable, Jack Module Block Out and Standard Lock In Devices.

*Some product price changes may lay outside of the outlined % changes; however, a comprehensive list of price changes will be indicated on the price file in the "Symbol" column.*

---

**As noted above, downloading the file is easy on the distributor portal which can be accessed via [www.Panduit.com](http://www.Panduit.com)** The published price files are available now.

Net cost files will be available as soon as possible via Distributor portal.

If you are using IDW for product and pricing data: Please import a new Panduit data set to capture the most current information on July 1<sup>st</sup>, 2026 or afterwards.

To identify pricing categories and their associated parts, click here: [www.Panduit.com/price01file](http://www.Panduit.com/price01file)

If you are no longer the pricing contact: email [Pricing.APJ@Panduit.com](mailto:Pricing.APJ@Panduit.com) the following three pieces of information: New contact name, email address, and Panduit account number.

Best Regards,  
Panduit Published Pricing Group
