Subject: Price Adjustment Notification – 1st July 2026

Dear Valued Customer,

I'm writing to advise that Ventair will be implementing a price adjustment across our product range effective **1st July 2026**.

This change is driven by ongoing inflationary pressures on labour, energy, and logistics, in addition to continued increases in raw material and component costs.

Ventair remains strongly committed to supporting our wholesale partners through reliable local stock availability, consistent supply, and experienced teams on the ground across all regions. Continued investment in these areas remains a priority and underpins our ability to deliver dependable service both now and into the future.

An updated price file will be provided by **1st June 2026**, allowing sufficient time for pricing to be loaded ahead of the **1st July 2026** effective date.

If you have any questions, please feel free to contact me directly.

Yours Sincerely,

Andy Portess

National Sales Manager
